HOUSE OF ILUM

HOUSE OF ILUM is a project of passion inspired by our desire to share our stories through craftsmanship, expressed through both the visual and olfactory senses. Influenced by travels over a life long journey of discovery, our designs have their origins in our European heritage which bred in us a love of aesthetic and beauty in its many forms. ILUM comes from the Latin word Illuminare, to enlighten. We hope our designs enlighten your home and your life.

COLOGNE RETRO

A re-creation of what our dad used to wear back in the day. You could smell it as he left for work early in the morning but it would be gone when he came home, masked by cigar smoke. The pattern is inspired by a vague memory of classic hexagonal floor tiles whilst playing around our grandfathers house in Belgium. We have tried to re work this memory using top notes of bergamot, mandarin and lemon with neroli, petit grain, orange flower, jasmine and hints of musk and amber to add a masculine touch.

Top Notes ~ Lemon, Bergamot, Mandarin, Pineapple, Rose

Heart Notes ~ Neroli, Petitgrain, Orange Flower, Lavender, Jasmine

Base Notes ~ Musk, Amber

Large Cologne Retro Candle
MB-ILUM3L
5.15kg, 181.6oz
30cm height
Estimated burn time
approx. 600 hours

BASILICA

The Cosmati were an Italian family of architects in the 12th and 13th centuries who, among other things designed geometric and circular mosaic floors in cathedrals. We were so taken by these patterns from our visits to cathedrals in Rome and Tuscany that we have brought our own version to life in these porcelain candle and diffuser vases. Notes of aromatic incense, fonts of holy water, church flowers, amber and aged solid oak wood panelling, bring the essence of these beautiful churches into your home.

Top Notes ~ Aromatic Incense, Floral

Heart Notes ~ Davana, Leather

Base Notes ~ Tobacco, Amber, Wood

SAHARA

One of our family here at ILUM, ran the world's toughest race, the Marathon des Sables in the Sahara desert. This design is for him. The circular patterns represent the sand dunes and the searing heat of the sun. At night and in the early morning a fragrant breeze flowed through the dessert and would fill the senses with an intense accord of soft bergamot, scorching incense and soft woody notes.

Top Notes ~ Bergamot

Heart Notes ~ Incense, Nutmeg, Clove

Base Notes ~ Amber, Vanilla, Tanka, Patchouli

Large Sahara Candle

OR ÉGYPTIEN

The concept for Or Égyptien started with a family visit to the ancient pyramids. The most highly prized perfumes of the ancient world came from Egypt, which along with Geranium, Jasmine, Green Leaf and Rose buds are at the heart of this fragrance. The circumpunct dot, central to this design represents gold. It is also an ancient Egyptian hieroglyph for the sun. Because much of their art was religious, the ancient Egyptians used colour symbolically to convey messages. The blue colour lapis lazuli, a semi precious stone, corresponded with joy. Gold corresponds with the deity of the sun.

Top Notes ~ Cassis, Grapefruit, Green Leaf

Heart Notes ~ Plum, Rosebuds, Geranium, Jasmine

Base Notes ~ Ancient Sandalwood, Musk, Caramel

Creator – Kelly Hoppen

KELLY HOPPEN

“Designing spaces is not just about visuals; it’s about curating an entire sensory experience. With House of ILUM’s expertise in crafting exquisite porcelain vessels for candles and my passion for scent, together we aim to create emotions, memories for whatever the mood, through the art of scent.

Our fragrance composition begins with the invigorating top notes of bergamot, setting the tone for a refreshing and uplifting ambiance. The heart of the fragrance unfolds with the warm and captivating embrace of incense, nutmeg, and clove, creating a rich tapestry of aromas that resonate with depth and complexity. As the scent lingers, the base notes of amber, vanilla, and tonka emerge, creating a comforting sense of luxury and elegance.”

Top Notes ~ Bergamot

Heart Notes ~ Incense, Nutmeg, Clove

Base Notes ~ Amber, Vanilla, Tanka, Patchouli
